

Secure Wi-Fi Connection Instructions

*Please make sure your device has Wi-Fi enabled. Your device should automatically scan for the strongest Wi-Fi connection available.

Select “**intlpalmsguestwifi**” showing the strongest signal from the list of options that will appear in your Wi-Fi Network choices.

Open your web browser.

Enter requested information with the following password:

connect

*Passphrases are case sensitive. Make certain there is not a space at the end of the password as this is a common accidental error resulting in connection error.

If you should need further assistance, call In Room Connections Guest Support Line @ 800-809-7841.

(Must dial 8 from hotel phone for outside line)
