A GOOD NIGHT'S SLEEP

These sleep tips will get you more than ready and recharged for tomorrow

FIND YOUR SLEEPY PLACE

We sleep better in a dark environment. Make sure your shades are fully closed for complete darkness.

COOL DOWN, GET COMFY

We humans tend to sleep better in a slightly cool environment. Adjust the temperature to between 60 to 68 degrees to create a cool sleeping environment.

POWER OFF, LIGHTS OUT

Did you know the blue light from electronic devices can prevent you from sleeping? Red and amber light tones are believed to be less likely to shift your circadian rhythm and decrease melatonin production. If you prefer to sleep with some light, use an amber-toned nightlight.

RELEASE YOUR INNER CHATTER

Some of your best ideas come to you when you lie down for the night. Use a notepad to get them out of your head, on paper, and you back to bed.

SHHHH..... THAT'S THE SOUND OF SLEEP

When sleeping in unfamiliar places, you may not realize how many times you wake up during the night. But even if you don't remember it in the morning, those little interruptions affect the quality of your sleep. So give white noise a try and see if you wake up feeling more refreshed. For a selection of white noise visit "travel Tools" on the navigation bar of the IHG Mobile App or www.sleep.ihg.com.

CHECK-OUT – 11:00AM

Sometimes you need to leave later than your check-out time. We get it. So, as much as we'd love for you to hang out in the lobby and keep us company, you could also just let our Front Desk Staff know. We'll do our best to give you a later check-out time.

PET POLICY

Sorry, we love pets as much as anybody. But except for service animals, they're not allowed. We don't want you to have to pay the \$250.00 charge, so let's keep Sir Waggington and Mrs. Meow at home.

SMOKING POLICY

In order to keep the air clean and the fire trucks away, we don't allow smoking in the hotel. But we do have a designated smoking area just outside the front entrance.

ICE/VENDING MACHINES

Ice machines are located on Floors 1, 3, and 4 near the guest elevators.

SUNDRIES SHOP

Located on the First Floor next to the front desk. The Sundries Shop is accessible 24 hours a day. Items must be taken to the Front Desk for purchase.

YOUR SAFETY AND PRIVACY IS OUR PRIORITY

Safe Deposit Boxes

Do not leave money or valuables in your guestroom. We provide safe-deposit boxes at the Front Desk, free of charge. Under state law, the hotel is not responsible for loss unless articles have been secured properly in these boxes.

Double Locks

For additional security, use the deadbolt on your door. This will prevent the door from being opened by a regular room key. As an additional precaution, please secure the safety lock.

Admittance

Do not admit persons to your guestrooms without first identifying them. To see into the hall, use the viewer in your door. Never sit in your guestroom with the door open and never invite strangers to your guestroom. If there is any doubt about the person's identity, please contact our Front Desk Staff at extension "0".

Keys

Do safeguard your room key. Do not leave it in your guestroom or in the door. Do not give your room key to others.

Fire

Please familiarize yourself with the location of the nearest fire exit stairway. In the unlikely event of a fire, please move quickly but calmly to the stairs. Report fire or smoke to our Front Desk Staff at extension "0".

Parking

Always look around before entering large parking lots or venturing onto the grounds. If you notice someone or something suspicious, do not continue into that area. Return to your guestroom or use a house phone to alert the Hotel's Management. We will be happy to provide you with an escort.

Entrances

When returning to the hotel late in the evening, be sure to use the Main entrance of the hotel. Before leaving your guestroom or going to sleep, check the windows and doors to ensure they are properly secured.

Vehicles

Do not leave valuable in your vehicle. Lock your vehicle when you leave it.
